# JOHN HOLLAND GOLD PENS

John Holland Gold Pens are made in the factory established in 1841 by Geo. W. Sheppard, the originator of pens of that metal. Mr. Sheppard shaped his early pens by hand, but with the demand that started up from his early efforts, the fame of whose qualities rapidly spread, he used his skill and experience as a gunsmith to fashion dies and machines to make his pens more uniform.

In November, 1853, when this firm had been founded a dozen years, Mr. Sheppard employed a youth sixteen years old, in his factory, and he was regularly indentured by his parents to learn the craft of gold-pen making. From that day to this the present head of our firm has been active in this business. In 1857 John Holland had mastered the business so thoroughly that he was made foreman over the force of a dozen hands and acquired a one-third interest. In 1862, Mr. Sheppard, having acquired a modest fortune, and being alarmed by the approach of the Confederate forces, determined to retire from business, and he was succeeded by John Holland, under which name our goods have been made since that year, and the patterns of special shapes of gold pens, such as falcon, oblique, IXI, spade, and many other styles, have been originated and perfected. Our factory has now grown to a force of a hundred expert operatives, each skilled in their lines, who have been schooled under the direct care of Mr. John Holland, assisted by one of his sons, also a practical gold-pen maker, who has constant supervision over the factory and the tests through which every pen is put before going into our stock. We claim and guarantee for each John Holland Gold Pen the quality of perfect pens — smoothness of point, flexibility of spring, and great durability.

**THE JOHN HOLLAND GOLD PEN COMPANY, MAKERS, CINCINNATI, U. S. A.**

To better show the great economy and comfort in writing with a John Holland Gold Pen, we herewith give the experiences with these time tried and found true gold pens of a few users:

MONTEREY, Mexico, April 11, 1904.  
I have used your pens since 1862, purchasing them when I was in the army, and am much pleased with them.  
Very truly yours,  
W. M. CARPENTER, with O'Kelly & Co.

LIVERPOOL, ENGLAND, March 10, 1904.  
I have one of your pens now in use for some years, which I like exceedingly well. It is a No. 10, long flexible point.  
Yours truly,  
FRED OWEN, 4 Hawarden Ave., Sefton Park.

LOS ANGELES, CAL., Dec. 9, 1903.  
This letter is written with one of your extra fine No. 323 pens which belonged to my father, H. H. Dobbins, who was born and raised in Wayne County, Ohio. He bought this pen forty-five years ago. It is as good as new, and has been constantly in use all these years. I count it a priceless treasure.  
Yours very truly,  
IRWIN W. DOBBINS, 543 Hope St.

NEW YORK CITY, May 13, 1902.  
I am using a gold pen of your make which I have had in regular service since 1851, and there is plenty of life in the old dog yet.  
Yours truly,  
BENJ. HONANS, 167 Broadway, Real Estate and Loans.

JACKSON, OHIO, July 2, 1907.  
I am sending my dear old pen for repairs that I have kept going for twenty-five years. Fix it for another twenty-five years work. This pen was a present in the early 70's.  
Your old friend,  
H. C. MILLER, Agent Aetna Ins. Co.

KUINIHALE HAWAII, Hawaii, July 23, 1908.  
I must state your pens are very satisfactory.  
Yours truly,  
AUG. ANDREWS, Pacific Sugar Mill.

Every President of the United States, from Lincoln to Taft, have performed at least part of their writing with pens of our manufacture, and many professional and business men have found them of great durability and excellence.

COLUMBIA, Mo., Sept. 16, 1908.  
About twenty-seven years ago I purchased one of your No. 7 Record Pens. Have used it every day since, but a few days ago bent the point. Please send me another, as I am lost without it.  
Yours,  
P. B. BRANNAM, Picture Dealer.

WASHINGTON, D. C., Sept. 4, 1901.  
I have been using one pen of your make since February, 1878. This should be a good testimonial for your pens.  
Yours truly,  
W. ALDENMAR E. BENZ, Office of Solicitor of Treasury.

LYNN, Mass., Dec. 17, 1904.  
The writer has been using one of your pens since 1872, which is still good. How is that for a record?  
Yours truly,  
WEBSTER BRUCE, Mgr. Lynn Incandescent Lamp Co.

PATERSON, N. J., Dec. 18, 1905.  
When I was a bookkeeper (before 1880) I bought one of your No. 8 gold pens, and have used it every business day since. It has done a powerful sight of work, and has never been on the sick list a moment. There is no reason why it will not last as long as I do.  
Very truly yours,  
J. H. HUNTON, of Huntoon, Page & Co., Coffees and Spices.

ELWOOD, Ind., Feb. 25, 1904.  
I bought one of your gold pens in 1861, and carried it through the Civil War, and have used it ever since.  
Yours truly,  
A. O. BRIGGS, J. P.

CLEVELAND, OHIO, Oct. 23, 1908.  
The writer has in his possession one of your pens, No. 12, purchased February 2, 1870, which has been in constant use every day since. I regard it as an old friend and an honest and faithful companion. By reason of my vocation it has gained renown, being used to form characters the smallest possible to the naked eye to those of about three inches.  
COURTEOUSLY YOURS,  
JOHN C. HEMMETER,  
Legal and Clerical Work, Water and Superior Sts.

FACTORY AND HOME OFFICE OF THE JOHN HOLLAND GOLD PEN CO.

127-129 EAST FOURTH STREET, CINCINNATI.

We erected this building upon the site of our former one in 1899, designed especially for the needs of our business. We are the only occupants of the 9,001 square feet contained in the premises, and in 1907 erected an annex to give needed additional room. For forty years of our business life we have been located upon the same property.
